Campaign Overview

What is it?

Hunger Action Month™ (September) is a nationwide awareness campaign designed to mobilize the public to take action on the issue of hunger. [Learn more here.](#)

Hunger Action Day® (September 12, 2019) is a day where efforts across the country are focused for greater impact.

The Greater Boston Food Bank (GBFB) and our network are working together to raise awareness about hunger and inspire our neighbors to get involved in September and throughout the year.

How can you participate?

Every Action Counts | Donate. Volunteer. Share. Advocate.

You can make a difference every day by taking actions like volunteering, donating, or even sharing information on social media. Together, we can end hunger one meal at a time.
